## Applied Optoelectronics to Host Inaugural Analyst Day on Thursday, June 9, 2016

SUGAR LAND, Texas, May 16, 2016 (GLOBE NEWSWIRE) -- Applied Optoelectronics, Inc. (NASDAQ:AAOI), a leading provider of fiber-optic access network products for the internet datacenter, cable broadband, and fiber-to-the-home markets, today announced it will host an analyst day at its new production facility in Sugar Land, Texas on Thursday, June 9, 2016.

Members of the senior management team will provide an in-depth overview of Applied Optoelectronics' strategy and business with presentations beginning at 9:00am Central time. A live audio webcast of the event will be accessible from the company's website at [investors.ao-inc.com](http://investors.ao-inc.com). The webcast will be archived for one year.

Analysts and institutional investors interested in attending are encouraged to contact Investor Relations at [ir@ao-inc.com](mailto:ir@ao-inc.com) as soon as possible.

### About Applied Optoelectronics

Applied Optoelectronics, Inc. (AOI) is a leading developer and manufacturer of advanced optical products, including components, modules and equipment. AOI's products are the building blocks for broadband fiber access networks around the world, where they are used in the internet datacenter, CATV broadband and fiber-to-the-home markets. AOI supplies optical networking lasers, components and equipment to tier-1 customers in all three of these markets. In addition to its corporate headquarters, wafer fab and advanced engineering and production facilities in Sugar Land, TX, AOI has engineering and manufacturing facilities in Taipei, Taiwan and Ningbo, China.
