

Applied Optoelectronics Reports Fourth Quarter and Full Year 2023 Results

February 22, 2024

SUGAR LAND, Texas, Feb. 22, 2024 (GLOBE NEWSWIRE) -- Applied Optoelectronics, Inc. (NASDAQ: AAOI), a leading provider of fiber-optic access network products for the internet datacenter, cable broadband, telecom and fiber-to-the-home (FTTH) markets, today announced financial results for its fourth quarter and full year ended December 31, 2023.

"We're pleased by the continued progress we have made in improving our gross margin, which combined with expense management, allowed us to generate a small non-GAAP net income in the fourth quarter for the first time in many years," said Dr. Thompson Lin, Applied Optoelectronics Inc. Founder, President and Chief Executive Officer. "While our fourth quarter revenue came in below our expectations, our gross margin outperformed our projections, and we generated non-GAAP EPS at the high end of our guidance range. Looking ahead, we expect to see some revenue decline in Q1 due to the Lunar New Year combined with some price reductions, with substantial improvement expected in Q2."

Fourth Quarter 2023 Financial Summary

- GAAP revenue was \$60.5 million, compared \$61.6 million in the fourth quarter of 2022 and \$62.5 million in the third quarter of 2023.
- GAAP gross margin was 35.7%, compared with 10.1% in the fourth quarter of 2022 and 32.3% in the third quarter of 2023. Non-GAAP gross margin was 36.4%, compared with 21.4% in the fourth quarter of 2022 and 32.5% in the third quarter of 2023.
- GAAP net loss was \$13.9 million, or \$0.38 per basic share, compared with net loss of \$20.3 million, or \$0.71 per basic share in the fourth quarter of 2022, and a net loss of \$9.0 million, or \$0.27 per basic share in the third quarter of 2023.
- Non-GAAP net income was \$1.6 million, or \$0.04 per diluted share, compared with non-GAAP net loss of \$5.4 million, or \$0.19 per basic share in the fourth quarter of 2022, and a non-GAAP net loss of \$1.7 million, or \$0.05 per basic share in the third quarter of 2023.

Full Year 2023 Financial Summary

- GAAP revenue was \$217.6 million, compared with \$222.8 million in 2022.
- GAAP gross margin was 27.1%, compared with 15.1% in 2022. Non-GAAP gross margin was 29.8% compared to 18.5% in 2022.
- GAAP net loss was \$56.0 million, or \$1.75 per basic share, compared with net loss of \$66.4 million, or \$2.38 per basic share in 2022.
- Non-GAAP net loss was \$13.3 million, or \$0.42 per basic share, compared with non-GAAP net loss of \$28.0 million, or \$1.01 per basic share in 2022.

A reconciliation between all GAAP and non-GAAP information referenced above is contained in the tables below. Please also refer to "Non-GAAP Financial Measures" below for a description of these non-GAAP financial measures.

First Quarter 2024 Business Outlook (+)

Forward-Looking Information

This press release contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. In some cases, you can identify forward-looking statements by terminology such as "believe," "may," "estimate," "continue," "anticipate," "intend," "should," "could," "would," "target," "seek," "aim," "predicts," "think," "objectives," "optimistic," "new," "goal," "strategy," "potential," "is likely," "will," "expect," "plan" "project," "permit" or by other similar expressions that convey uncertainty of future events or outcomes. These statements include management's beliefs and expectations related to our outlook for the first quarter of 2024. Such forward-looking statements reflect the views of management at the time such statements are made. These forward-looking statements involve risks and uncertainties, as well as assumptions and current expectations, which could cause the company's actual results to differ materially from those anticipated in such forward-looking statements. These risks and uncertainties include but are not limited to: the impact of the COVID-19 pandemic on our business and financial results; reduction in the size or quantity of customer orders; change in demand for the company's products due to industry conditions; changes in manufacturing operations; volatility in manufacturing costs; delays in shipments of products; disruptions in the supply chain; change in the rate of design wins or the rate of customer acceptance of new products; the company's reliance on a small number of customers for a substantial portion of its revenues; potential pricing pressure; a decline in demand for our customers' products or their rate of deployment of their products; general conditions in the internet datacenter, cable television (CATV) broadband, telecom, or fiber-to-the-home (FTTH) markets; changes in the world economy (particularly in the United States and China); changes in the regulation and taxation of international trade, including the imposition of tariffs; changes in currency exchange rates; the negative effects of seasonality, and other risks and uncertainties described more fully in the company's documents filed with or furnished to the Securities and Exchange Commission, including our Annual Report on Form 10-K for the year ended December 31, 2022 and our Quarterly Report on Form 10-Q for the quarter ended September 30, 2023. More information about these and other risks that may impact the company's business are set forth in the "Risk Factors" section of the company's quarterly and annual reports on file with the Securities and Exchange Commission. You should not rely on forward-looking statements as predictions of future events. All forward-looking statements in this press release are based upon information available to us as of the date hereof, and qualified in their entirety by this cautionary statement. Except as required by law, we assume no obligation to update forward-looking statements for any reason after the date of this press release to conform these statements to actual results or to changes in the company's expectations.

Non-GAAP Financial Measures

We provide non-GAAP gross margin, non-GAAP net income (loss), adjusted EBITDA, and non-GAAP earnings per share to eliminate the impact of items that we do not consider indicative of our overall operating performance. To arrive at our non-GAAP gross margin, we exclude stock-based compensation expense, expenses associated with discontinued products, and non-recurring (income) expenses, if any, from our GAAP gross margin. To arrive at our non-GAAP net income (loss), we exclude all amortization of intangible assets, stock-based compensation expense, non-recurring expenses, unrealized foreign exchange loss (gain), losses from the disposal of idle assets, if any, non-GAAP tax benefit (expenses), and expenses associated with discontinued products, from our GAAP net income (loss). Included in our non-recurring expenses in Q4 2023, Q4 2022 and Q3 2023 are certain non-recurring expenses related to pandemic events (if any), non-recurring tax expenses or benefits (if any), certain non-recurring legal expenses associated with litigation and certain legal and advisory expenses associated with the termination of the purchase agreement with Yuhan Optoelectronic Technology (Shanghai) Co., Ltd and employee severance expenses (if any). Also included in our non-recurring expenses in Q4 2023, but not in Q4 2022 or Q3 2023 are bank fees associated with early repayment of bank loans and non-cash loss on extinguishment of convertible notes. In computing our non-GAAP income tax benefit (expense), we have applied an estimate of our annual effective income tax rate and applied it to our net income before income taxes. Our adjusted EBITDA is calculated by excluding depreciation expense, non-GAAP tax benefit (expense), and interest (income) expense from our non-GAAP net income (loss). Our non-GAAP diluted net loss per share is calculated by dividing our non-GAAP net loss by the fully diluted share count (for periods in which non-GAAP net income is positive) or basic share count (for periods in which our non-GAAP net income is negative). We believe that our non-GAAP measures are useful to investors in evaluating our operating performance for the following reasons:

- We believe that elimination of items such as amortization of intangible assets, stock-based compensation expense, non-recurring revenue and expenses, losses from the disposal of idle assets, unrealized foreign exchange gain or loss, and depreciation on certain equipment undergoing reconfiguration is appropriate because treatment of these items may vary for reasons unrelated to our overall operating performance;
- We believe that elimination of expenses associated with discontinued products, including depreciation and inventory obsolescence is appropriate because these expenses are not indicative of our ongoing operations;
- We believe that estimating non-GAAP income taxes allows comparison with prior periods and provides additional information regarding the generation of potential future deferred tax assets;
- We believe that non-GAAP measures provide better comparability with our past financial performance, period-to-period results and with our peer companies, many of which also use

similar non-GAAP financial measures; and

 We anticipate that investors and securities analysts will utilize non-GAAP measures as a supplement to GAAP measures to evaluate our overall operating performance.

A reconciliation of our GAAP net income (loss) and GAAP earnings (loss) per share for Q4 2023 and FY 2023 to our non-GAAP net income (loss) and earnings (loss) per share is provided below, together with corresponding reconciliations for Q4 2022 and FY 2022. A reconciliation of our GAAP net income (loss) and GAAP earnings (loss) per share for Q3 2023 to our non-GAAP net income (loss) and earnings (loss) per share was provided in our Q3 2023 earnings release.

Non-GAAP measures should not be considered as an alternative to net income (loss), earnings (loss) per share, or any other measure of financial performance calculated and presented in accordance with GAAP. Our non-GAAP measures may not be comparable to similarly titled measures of other organizations because other organizations may not calculate such other non-GAAP measures in the same manner. We have not reconciled the non-GAAP measures included in our guidance to the appropriate GAAP financial measures because the GAAP measures are not readily determinable on a forward-looking basis. GAAP measures that impact our non-GAAP financial measures may include stock-based compensation expense, non-recurring expenses, amortization of intangible assets, unrealized exchange loss (gain), asset impairment charges, and loss (gain) from disposal of idle assets. These GAAP measures cannot be reasonably predicted and may directly impact our non-GAAP gross margin, our non-GAAP net income and our non-GAAP fully-diluted earnings per share, although changes with respect to certain of these measures may offset other changes. In addition, certain of these measures are out of our control. Accordingly, a reconciliation of the non-GAAP financial measure guidance to the corresponding GAAP measures is not available without unreasonable effort.
